1. About the Company

Tonnie Consult Company Limited is a private company established in Dar es Salaam in October 2011, providing business technology and consulting services to organizations and professionals across Tanzania. The Company holds a Certificate of Incorporation, Registration No. 86421, and is registered with the Tanzania Revenue Authority under Taxpayer Identification Number (TIN) 116-128-403.

Over the years, the Company has built a reputation for helping businesses streamline their accounting systems, adopt modern digital and AI tools, and organize and interpret their data for better decision-making. Tonnie Consult combines technical expertise in accounting software, data management, and business intelligence with practical, hands-on training, positioning it as a trusted partner for businesses seeking to modernize their operations and remain competitive in a fast-changing digital economy.

2. Vision & Mission

OUR VISION

To be East Africa's most trusted business technology partner — empowering organizations and professionals to embrace digital and AI-driven transformation with confidence.

OUR MISSION

To deliver practical, reliable, and innovative accounting, data management, business intelligence, and AI consulting solutions that enable businesses and professionals to work smarter, operate efficiently, and make well-informed decisions.

3. Our Core Values

Our work is guided by a set of principles that shape how we serve our clients and conduct our business every day.

Excellence

Delivering high-quality, accurate, and reliable solutions in every engagement.

Integrity

Conducting business honestly, transparently, and with strong professional ethics.

Innovation

Embracing new technologies and AI-driven approaches to solve real business problems.

Client-Centricity

Understanding each client's unique needs and tailoring solutions accordingly.

Professionalism

Upholding the highest standards of competence, discipline, and accountability.

Continuous Learning

Investing in ongoing knowledge and skills to stay ahead in a changing digital world.

4. Company Policy

Tonnie Consult Company Limited is committed to providing quality, client-focused, and ethical consulting and training services. The Company adheres to the relevant laws and regulations of the United Republic of Tanzania, maintains strict confidentiality of client information and data, and continuously invests in the professional development of its staff to ensure the delivery of accurate, up-to-date, and value-adding solutions. We are equally committed to fair business practice, timely service delivery, and building long-term relationships built on trust and measurable results.

5. Our Slogan & Motto

SLOGAN

"Smart Solutions. Smarter Business."

MOTTO

"Simplify. Optimize. Transform."

6. Our Services

Tonnie Consult Company Limited offers a focused portfolio of consulting, implementation, and training services built around four core practice areas:

6.1 Accounting Software Consulting & Implementation Services

QuickBooks and Zoho setup, customization, training, consultation, data migration, and financial consolidation.

- **Setup & Customization** — Configuring QuickBooks or Zoho to match the company's specific business and accounting needs.
- **Training** — Teaching staff how to use the system correctly and efficiently.
- **Consultation** — Advising businesses on the best way to use accounting software and improve their financial processes.
- **Data Migration** — Moving accounting data from an old system, Excel, or another accounting application into QuickBooks or Zoho.
- **Financial Consolidation & Reporting** — Combining financial information from several companies or organizations and producing consolidated financial reports.

Featured Solution: ConsoliBooks

As part of our Financial Consolidation & Reporting service, Tonnie Consult offers ConsoliBooks — a purpose-built application that consolidates multi-company financial data and turns it into clear, board-ready reports.

ConsoliBooks — Consolidate. Report. Grow.

6.2 AI & Digital Transformation Training & Consulting

Helping people and businesses understand and adopt modern AI and digital technologies.

- **AI for Beginners** — Understanding what AI is and how to use it.
- **Practical ChatGPT Training** — Using AI for writing, research, business, learning, and productivity.
- **AI for Business** — Using AI to improve accounting, marketing, customer service, and administration.
- **AI for Professionals** — Helping employees use AI in their particular jobs.
- **Digital Skills Training** — Helping people understand modern online tools and platforms.
- **Digital Marketing & Generative AI** — Helping businesses use online platforms and digital tools to promote products, services, and brands, and to reach customers.
- **AI Consulting** — Identifying where a person or business can use AI to save time and improve operations.
- **AI Productivity** — Teaching people how to combine AI with tools they already use.
- **AI Awareness for Organizations** — Introducing management and employees to the opportunities and responsible use of AI.

AI & Digital Transformation training session
